A Newsletter for Teams of Our Lady Members

2019 Annual Report

Dear Friends:

The USA Super Region is committed to provide support to current members and to double our efforts to reach Catholic married couples throughout the United States. With a new, updated, website where members can update their personal information and contribute online, a Facebook page, New Teams Welcome Celebration (NTWC) days, Summit Meetings, Provincial and Regional Team Meetings + Colleges, we are reaching out to all members to say "You Are Not Alone! Each member belongs to the whole and the whole to each member."

We are continually adding to the website including three books from our Founder, Fr. Henri Caffarel and many of his other writings. As Franciscans should know St. Francis so should Team members know Fr. Caffarel and his message. Much of his work and writings about him are in need of translation and with adequate contributions we can go forward.

Even though the amount contributions decreased in 2018, the number of members contributing (29%) remained the same. Our goal is to increase contributions and the percentage of participating members. Together we can do beautiful things!

The 2018 USA Super Region's highest point was the Team's International Gathering in Fatima in July with over 8000 participants from over 90 countries. The USA contingent numbered 102 couples and five Spiritual Counselors. The theme was Reconciliation, a Sign of Love. Pope Francis on his message to Teams, to each of us, stated: *These open arms on the cross prove that no one is excluded from the Father's love, from his mercy. He does not want to lose anyone, moreover, He does not resign himself to losing anyone: husband or wife, parents or children ... You are well aware, that in the eyes of Jesus, nobody is definitely lost, there are only people who need to be found, and, He pushes us to go out looking for them.* \*\*

More than ever, we need each Teams member to ask not what Teams can do for "me" but what can "I" do for Teams. Our Lady of Fatima told Lucia that the last battle in the spiritual war would be defending marriage and the family. In the spirit of discipleship we invite all couples to take the message of conjugal spirituality and holiness to every Catholic couple in the USA. Mary, Queen of Teams, pray for us as we do so.
